§ 447.33

Department of State, with the concurrence of the Department of Defense.

CATEGORY XXII—SOUTH AFRICA

(a) Defense articles enumerated on the U.S. Munitions List (22 CFR Part 121).

(b) Technical data relating to defense articles enumerated on the U.S. Munitions List.

NOTE: This category is applicable only to South Africa.

NOTE: “Technical data” means, for purposes of this category:

(1) Classified information relating to defense articles and defense services;

(2) Information covered by an invention secrecy order;

(3) Information which is directly related to the design, engineering, development, production, processing, manufacture, use, operation, overhaul, repair, maintenance, modification, or reconstruction of defense articles. This includes, for example, information in the form of blueprints, drawings, photographs, plans, instructions, computer software and documentation. This also includes information which advances the state of the art of articles on the U.S. Munitions List. This does not include information concerning general scientific, mathematical or engineering principles.

§ 447.22 Forgings, castings, and machined bodies.

Articles on the U.S. Munitions Import List include articles in a partially completed state (such as forgings, castings, extrusions, and machined bodies) which have reached a stage in manufacture where they are clearly identifiable as defense articles. If the end-item is an article on the U.S. Munitions Import List, (including components, accessories, attachments and parts) then the particular forging, casting, extrusion, machined body, etc., is considered a defense article subject to the controls of this part, except for such items as are in normal commercial use.
